

THE MINES OF MONTANA.

Progress and Development of the Great Industry in Deer Lodge County.

What is Being Done in the Oro Fino and Little Blackfoot Districts.

The Kelly Mine and Smelter at Argenta Temporarily in the Sheriff's Possession.

New North West: The Southern Cross company have taken an eight months' lease of the new Salton Cameron ten-stamp mill at Georgetown, and last week the stamps began dropping on ore from the Southern Cross mine, in which there is said to be an almost unlimited supply of good ore in sight. The ore at present being milled will run from \$12 to \$16 per ton.

The recent strike in the Keystone is turning out better than at first supposed. President Sparkman took a number of specimens to Butte for assay last week and the returns ranged from 36 to 141 ounces. Two veins, one running at a right angle and the other at an acute angle with the main lead are now exposed in the shaft. One of them is sixteen and the other thirty inches wide. The shaft has reached a depth of 125 feet. The 150 feet depth, from which a cross-cut to the lead will start, will be reached within ten days.

The McDermott, in First Chance district, is showing up better with every foot of development. Six men are at work drifting on the lead and they are taking out some very good milling ore. W. F. Shanley returned from the mine a few days since, bringing with him a number of samples cut from across the face of the lead for assay. One of these, an average sample, went \$7.75 gold, eight ounces silver, a considerable percentage of copper. The lead, in fact, is growing stronger in copper, which is considered a good indication. It was the intention to make at least one shipment of ore to the smelter this season, but the early snow and the fact that the mine is difficult of access may cause the management to postpone the shipment until spring.

Silver State: To show what progress is being made in the Oro Fino mining district, we give the names of the companies having steam machinery on their property: The Champion, Mountain Lion, Gospel Mountain, American, Oro, Keystone, Oro Fino, Phoenix and Mildred companies, the last two being placed this week. Negotiations are now pending by which two more companies will have machinery by the 20th of December. There are already three ore producers, while all the others are working in lead matter with a most promising future. One of these companies is composed of St. Paul capitalists, one of St. Louis capitalists, one of Anaconda citizens, and the remainder of the companies are made up of Deer Lodge and Champion citizens.

The Minneapolis company has awarded a contract to sink fifty feet, for \$10 per foot. The shaft is to be 6x10 in the clear. They have a good shaft house and lodging buildings already on the property. Assays at seven and one-half feet went \$70 in silver, at nine feet \$80 in silver. They expect to get the lead within forty-five feet.

Mail: Among the principal mines thus far operated in the Blackfoot district is a group known as the Lily group of mines, which are owned by Angus A. McDonald, of Philadelphia; C. K. Wells, J. F. Murphy and Mr. Siedman, of Helena. On one claim they have a perpendicular shaft down some ninety-five feet, with twenty inches of ore in sight that average 50 ounces in silver, 33 per cent lead and \$5.50 in gold. On another claim where considerable development has been done, they have three and one-half feet of ore containing 30 ounces of silver, 15 per cent lead and \$1 to \$5 in gold. The average assays on the first-class ores from these properties is \$33 per ton, and from the second-class \$25 to \$40.

J. W. Opp's lease, the Princeton, on Boulder creek, is looking well. A crew of men are at work running levels and stoppings. A good deal of ore is being taken out for shipment. The vein is said to be three feet wide at present, and all indications point favorably to the fact that the Princeton will prove equal to Mr. Opp's expectations.

The Dora Thorne mine, which has been considered to be quite a valuable property, has evidently gone by the board for the time being, at least. No work being done on it this winter, but those who are most interested in it still say they have a rich mine in the Dora Thorne, and that operations will surely be resumed in the spring, if not before.

The Clark syndicate is going ahead with operations on the Silver Chest and other claims now controlled by that body, near Tower. All work thus far done has proved entirely satisfactory, and there now remains but little doubt that this syndicate will purchase the property when the bond expires next spring.

The Sheriff and the Kelly Company. Dillon Tribune: Wednesday morning the report was current that the P. J. Kelly smelter and mine at Argenta had been attached by the sheriff and all was going under the hammer. Upon investigation it was found that one attachment had been made and that several others, fearing loss, had done likewise. By noon everything about the property was in the hands of the constable and sheriff. The company has been doing a credit business and has accumulated a few thousand dollars of indebtedness, and when one step was taken toward collecting by the creditors, every one made a grab.

In conversation with Supt. Campbell at the mines it was learned that Mr. Allen, who has been in the east and who has been informed of the trouble, immediately sent word that he would be in Dillon by Sunday and for him (Mr. Campbell) to be ready to start the works next week and remain idle till then. Parties who know Mr. Allen know that he has more business push than many dozens of his fellow beings and that it will take something more than ordinarily occurs to keep the work in idleness when he arrives. It is the general idea that the matter will be settled at once and the works be started. There is certainly a good showing at the mine, and with judicious management, money can be made from it.

Real Estate Transfers. The following real estate transfers were filed for record with County Clerk and Recorder Tooker yesterday: United States to Thomas W. Kansas County Seat War. TOPEKA, Dec. 1.—A new county seat war is on in Wallace county. Sharon Springs has been the temporary seat for five years, but Wallace received a majority of votes at a recent election. When an attempt was made to move the records from Sharon Springs, however, it was found the court house was guarded by armed men, who would not allow the removal of the records.

The case has been taken before the supreme court, and is pending a decision. A guard at Sharon Springs is maintained.

The Latest Out. A Daily Through Car Service has been established by the Chicago, Union Pacific & North-Western Line from San Francisco, Portland, Spokane Falls, Butte and Helena, to Chicago via Council Bluffs, thus offering to the public facilities not given by any other line. "The Limited Fast Mail" which runs daily between the above points, carries the Overland Fast Mail, a limited number of first-class passengers without extra charge, and is composed of Pullman Vestibule Sleepers, San Francisco to Chicago via Council Bluffs, Pullman Vestibule Sleepers and Pullman Dining Cars, Portland to Chicago via Council Bluffs. This is another indication that the Union Pacific is desirous of meeting the requirements of the people. For information in regard to this and other trains on this line, apply to any Ticket Agent or E. L. Loomis, General Passenger Agent, Omaha, Neb. A. E. VEAZIE, Agent.

Croup Can Be Prevented. We want every mother to know that croup can be prevented. There is no question about this; as it has been done in thousands of cases, and you may depend upon it that when a child takes the croup, it is wholly owing to the negligence of its parents. True croup never appears without due and timely warning; a few hours of a day or two before the attack, the child becomes hoarse. This hoarseness is the first indication of croup, and is a sure sign that croup is to follow, unless promptly and properly treated. The free use of Chamberlain's Cough Remedy as directed with each bottle, under the heading, "to prevent croup," will dispel all symptoms of the disease. The first sign of croup, hoarseness, may be overcome by young mothers or those not familiar with the disease. Under such circumstances, or when not properly treated, the hoarseness becomes more marked and the child shows symptoms of having taken cold, then a peculiar rough cough is developed. Even at this stage Chamberlain's Cough Remedy will prevent the croup, but after the cough has developed, the croup is liable to appear at any moment. The proper way is to keep a bottle of this remedy at hand. It costs but fifty cents and only a few doses, or at most, not over one-third of a bottle is required to dispel all symptoms of the disease. Can you afford to risk so much for so little? There is not the least danger in giving this remedy in large and frequent doses, which are always required, as it contains no injurious substance. As a proof of this, we refer to John L. Olson, of Des Moines, Ia., whose 10-year-old boy drank the entire contents of a fifty-cent bottle of Chamberlain's Cough Remedy without the least injury. Liver Disorders

Soon cause the blood to become contaminated and require prompt treatment. The most marked symptoms are loss of appetite, headache, pains in the back or side, nausea, and relaxation of the bowels. Ayer's Pills assist nature to expel the superabundant bile and thus restore the purity of the blood. Being purely vegetable and sugar-coated, they are pleasant to take, mild in operation, and without ill effects.

"After many years' experience with Ayer's Pills as a remedy for the large number of ailments caused by derangements of the liver, peculiar to malarial localities, simple justice prompts me to express to you my high appreciation of the merits of this medicine for the class of disorders I have named."—S. L. Loughridge, Bryan, Texas.

"I had tried almost everything for chronic liver complaint, but received no relief until I used Ayer's Pills. I find them invaluable."—W. E. Watson, 77 East Illinois st., Chicago, Ill.
